

TESTIMONIES

CIAS has been a Godsend to our family. They provided the encouragement and guidance that we needed to make homeschooling successful. Now our son is in his junior year at UWF and is on the Dean's list. Thank you so much!

You are all irreplaceable! Thank you so much for your help and encouragement to my daughter. She is excited about learning again and even looks forward to her tutoring lessons!

I couldn't do it without you.

The guidance, tutoring, testing and accountability that we have received from CIAS over the last five years has been exactly what we needed to prepare our children for college, scholarships, and their future lives. With three finished and one more to go, we are nearing the end of our homeschooling years. Thank you, CIAS, for your help along this journey!

Notice of Nondiscriminatory Admissions

The Christian Institute of Arts & Sciences admits student of any race, color, national and ethnic origin. All students are entitled to the rights, privileges, programs, and activities generally made available by the school administration. We believe that all men are made in God's image and hold that discrimination is in violation of the Word of God (Galatians 3:28-29).

Christian Institute of Arts & Sciences

CIAS Class of 2015

Christian Institute of Arts & Sciences is an accredited private school (617 umbrella) for home schooling families, combining the full services of a private school administration office with the advantages, personal assistance, and accountability needed to make your home education experience a success. In order to provide the services that our families need, we provide various tutoring lessons, classes, and activities at our Campus School. CIAS is accredited by Florida Coalition of Christian Private Schools Accreditation (FCCPSA).
